

# **INFORMATIONAL MEETING**

## **ICC CONTRACT C**

**MBE / DBE Outreach**  
**Normetha Goodrum,**  
**SHA Deputy Administrator**

***June 29, 2006***

## **DBE APPROACH FOR ICC**

- **SHA's Disadvantaged/Minority Business Enterprise program services approximately 1,500 businesses, both prime contractors and subcontractors, in areas of compliance, outreach, and education.**
- **Because business growth and survival depend largely on the ability to network, form partnerships, and build a knowledge base, the SHA D/MBE program recognizes that we should not only foster those relationships, but also become partners in our community building.**

# GOAL DETERMINATION FOR ICC

- DBE goals for each of the proposed five (5) design-build mainline / interchange contracts. **An overall goal, with a minimum percentage for professional services, is anticipated.**
- DBE goals for each of the proposed Design-Bid-Build or Design-Build Contracts for Environmental Mitigation, Environmental Stewardship, and Community / Cultural Stewardship.
- **Only MDOT certified DBEs** may be utilized to achieve the Contract's DBE goal. MDOT has agreed to expedite any certification requests associated with DBE utilization on this PROJECT.

# **DBE OPPORTUNITIES ON THE 5 MAJOR D-B CONTRACTS**

- Design and design support services
- Geotechnical drilling
- Mainline, ramp and cross road pavement (mainline pavement and ramp type to be proposed by Design-Builder)
- Utility relocations
- Bridges
- Retaining walls
- Earth berms / noise walls
- Drainage facilities, E/SC, SWM, etc.
- Landscaping

# **DBE OPPORTUNITIES ON THE 5 MAJOR D-B CONTRACTS**

- **Signing, signals, lighting and pavement markings**
- **Tolling infrastructure**
- **Maintenance of traffic**
- **ITS devices**
- **Public relations support**
- **Environmental compliance**
- **Construction inspection (for D-B Team)**

# DBE OPPORTUNITIES ON THE 5 MAJOR D-B CONTRACTS

- Step 1** ⇒ **Team with a Design-Builder** to provide services in your area of specialty ... in either design or construction.
- Step 2** ⇒ **Look for opportunities** to expand your services ... contact the MDOT Certification Unit for assistance.
- Step 3** ⇒ Get and **stay involved** in the ICC project.

## **DBE OPPORTUNITIES ON THE MITIGATION & STEWARDSHIP CONTRACTS**

- Design and design support services
- Geotechnical drilling
- Wetland creation / plantings
- Landscaping
- Reforestation
- Sidewalks
- Curb / gutters
- Bicycle / pedestrian paths
- Stream restoration

## **DBE OPPORTUNITIES ON THE MITIGATION & STEWARDSHIP CONTRACTS**

**Step 1** ⇒ Stay up-to-date on progress on these contracts ... follow the [www.iccproject.com](http://www.iccproject.com) website and [www.MarylandRoads.gov](http://www.MarylandRoads.gov) for information on these contracts.

**Step 2** ⇒ Purchase the bid documents ... play to your strengths as either prime or sub.

# COMPLIANCE

- MDOT / SHA has hired a **full-time Civil Rights Program Manager**, and will be hiring an **Equal Opportunity Officer** for the ICC project. Our Civil Rights Program Manager has oversight for all aspects of the civil rights program, which include contractor compliance, on-the-job training, and the DBE program.

# COMPLIANCE

- SHA's GEC has retained a consultant to assist with **DBE compliance and outreach efforts and supportive services**. Supportive services to DBEs will include training on business development, joint venturing, bidding and estimating, and referrals to bonding and insurance institutions.
- SHA will develop a **DBE audit plan**.

# NEED MORE DBE INFORMATION?

**Marvin Eason**
